The **Tobacco Free Initiative Regional Action Plan (2005-2009)** is the result of year-long intensive development, discussion and consultation with Western Pacific Region Member States, experts and many others.

The initial conceptualization of the Plan is owed to a collaboration between Tobacco Free Initiative (TFI) and Dr Annette M. David. Review of the draft objectives and strategies, and development of specific activities was done at the Third Meeting of National Focal Persons for the Tobacco Free Initiative in Manila, March 2004. In that regard, we recognize the outstanding contributions of the following participants:

WHO Headquarters, Geneva

In finalizing the document, we are also grateful for the expert review of Dr Judith Mackay, Asia Consultancy on Tobacco Control, and Mrs Anne S. Blackwood, United States Department of State. Finally, we wish to acknowledge the outstanding commitment and support of the ministers of health, who endorsed this plan at the fifty-fifth session of the WHO Regional Committee for the Western Pacific in Shanghai, China, 13-17 September 2004.
