

Onsite participation only!

# NCCHE Robotic D2 Gastrectomy Seminar

June 19 (Mon), 2023

Venue: National Cancer Center Hospital East

After the main congress of IGCC2023 in Yokohama, we would like to hold a special seminar with surgery observation program focusing on robotic D2 gastrectomy at National Cancer Center Hospital East (NCCHE) Japan in Kashiwa city. NCCHE is known as one of the major high-volume centers in Japan which has around 300 gastric cancer surgery in every single year. Experiences of robotic gastrectomy reached around 400 cases. We believe you can obtain invaluable experiences through the seminar!

### Course Director

- Takahiro KINOSHITA, MD  
National Cancer Center Hospital East, JAPAN

### Special Faculty

- Naruhiko IKOMA, MD  
MD Anderson Cancer Center, Texas, USA

- Masahiro YURA, MD  
National Cancer Center Hospital East, Japan

### Schedule

8:00 am	Opening Case presentation Lecture 1 <i>"Surgical steps of robotic D2 dissection and anatomy"</i>
9:00 am	Live Surgery Observation (Performed by Takahiro Kinoshita) <b>Robotic D2 Distal Gastrectomy with intracorporeal anastomosis</b>
1:00 pm	Complimentary boxed lunch
2:00 pm	Lecture 2 <i>"Basic techniques for robotic D2 gastrectomy"</i> Lecture 3 <i>"Advanced techniques for complicated cases"</i>
3:00 pm	Discussion, Q&A
3:30 pm	Closing

### Target participants:

- Surgeons who want to start robotic gastrectomy at their institutions.
- Surgeons with a certain degree of experiences who want to brush up their skills.
- Surgeons who want to observe Japanese style robotic radical gastrectomy.
